

EXERCISE THE BODY ENTERTAIN THE MIND™

e-zone® -t

Personal Viewing Systems

e-zone is again setting the standard for personal viewing systems with advanced features that keep members entertained and motivated. It's no wonder e-zone is the personal viewing choice of leading fitness facilities throughout the world.

- **Super High Definition Screen** - available in 15" and 17" wide format, both enclosed within an industrial grade aluminum case with protective LCD face shield.
- **Direct Access Controller** - allows users to instantly access any channel, includes a "quick change" headphone jack and moisture sealed connector.
- **Fully Adjustable Stands** - accommodates any make or model of cardio equipment or can easily mount to already installed "e-zone" patented racking systems.
- **Optional CD/DVD Player** - front-loading system features ability to listen to CD while watching TV
- **Optional Cable Management** - raceway conveniently hides all cables and wires between units, saving thousands of dollars in retro-fitting.
- **Compatible & Compliant** - with all United States Patents and interactive media network owned and/or operated by ClubCom.
